## Our Vision

To be the most respected Energy Rater in the country and to elevate our industry to a new level

## Our Purpose

To enhance the lives of all our partners including our DSCC team, manufacturers, suppliers, builders, architects and most importantly—the homeowner.

## Our Core Values

### **Honesty and Integrity**

- Never compromise morals and ethics.
- Be accountable for commitments and results.
- Be truthful and upfront with others.

### **Respect for the Individual**

- Follow the Platinum Rule: Treat others the way they would like to be treated.
- Establish trust based relationships.

### **Respect for the Environment**

- Commit to protecting our earth and our finite resources.
- Focus on sustainability.
- Understand that environmental degradation directly affects human health and comfort.

### **Focus on Education**

- Understand education and knowledge is the key to industry change.
- *Always* take the extra time to educate.

### **Teamwork is Paramount**

- TEAM = Together Everyone Achieves More
- If you want to go fast, go alone. If you want to go far, go together.
- Ask yourself, "What's best for the organization?"
